EMPLOYMENT

Microsoft, Redmond, WA
Program Manager Intern
May 2018 - Current

Azure Internet of Things (IoT) Platform Team focusing on the device provisioning service to optimize devices provisioning to the IoT Hub. Focused on customer validation, feature requirements, and go-to-market plans to automate processes in the provisioning service. Led a high level investigation into transfer of ownership of devices that optimizes security and usability.

Hulu, Santa Monica, CA
Technical Program Manager Intern
May 2017 - Aug. 2017

Worked as a cross team TPM to bridge the gap between business and engineering. Documented business and functional requirements, as well as tracked and followed up on project tasks among team members. Created complete project plans for end-to-end delivery with appropriate documentation.

IU Methodist Trauma Center, Remote
Freelance Application Developer, Lead iOS Developer
2016 - Current
iOS lead to create an app to augment usage of IU hospital's trauma manual for educational and general use by students and residents. Standardized hospital's format for displaying treatment algorithms in app form.

Microsoft, Redmond, WA
Software Engineering Intern
July 2016 - Nov. 2016
Worked on a new feature called Network Watcher as part of the Azure Networking Team. Built cross platform mobile app using cordova and ionic to view analytics and diagnostics of vms, metrics, limits, and more. Demoed app to CVPs of Azure and released app internally.

Salesforce, Indianapolis, IN
Software Engineering Intern, Program Manager Intern
May 2015 - Aug. 2015
Worked on the Adoption team to migrate customers from old platform/features onto new one. Used SQL queries for data mining. Worked as an UI developer on marketing cloud in an AGILE environment using github.

ExactTarget, Indianapolis, IN
Software Engineering Intern (Services)
June 2014 - Aug. 2014
Coded emails and landing pages for Old Navy, Gap, Volvo, Microsoft, and more using HTML, CSS, javascript in an AGILE environment. Worked with UI/UX designers to develop best product for clients.

GEMS Camp, Champaign, IL
Camp Counselor
May 2013 - Aug. 2013
Taught middle school girls fundamentals of computer science. Cumulated to making Android app.
